FROM:

STAT

SUBJECT: Future Direction Reports

REFERENCE: IG/CM(P) memorandum dated 13 October 1988, subject:
Revised IG/CM(P) Meeting Date and Agenda. 

STAT

1. This correspondence amplifies the intention of the agenda item in the cited reference that requests committee chairmen to summarize the status of committee actions and outline future plans.

2. The idea is to offer committee chairmen an additional forum to emphasize the importance of actions completed and to stress to line managers the kind of cooperation or effort necessary to address other issues needing examination. Consider for example, requirements to follow up on SSCI report issues or others which the committee membership deems currently most important.

3. Your inputs to the fourth biannual status report might form a portion of the requested summary. The IG chairman asks however that you frame the majority of your summary in terms that will provide an indication of the future direction of your committee efforts. Please consider making your presentation informally and not to exceed five minutes.
